#### **Independent Auditor's Report**

#### To the Board of Education of Glenwood Community School District:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of governmental activities, business type activities, each major fund and the aggregate remaining fund information of Glenwood Community School District, Glenwood, Iowa, as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, each major fund, and the aggregate remaining fund information of the Glenwood Community School District at June 30, 2019 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

#### **Other Matters**

Required Supplementary Information.

U.S generally accepted accounting principles require Management's Discussion and Analysis, Budgetary Comparison Information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions and Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes on pages 7 through 17 and 46 through 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Glenwood Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2018 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 10, including the Schedule of Expenditures of Federal Awards required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information including the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated June 3, 2020, on our consideration of the Glenwood Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering Glenwood Community School District's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Glenwood Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2019. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

#### 2019 FINANCIAL HIGHLIGHTS

- General Fund revenues decreased from \$21,566,448 in fiscal year 2018 to \$21,322,533 in fiscal year 2019, while General Fund expenditures increased from \$21,508,835 in fiscal year 2018 to \$22,179,671 in fiscal year 2019. This resulted in a decrease in the District's General Fund balance from \$4,442,140 at June 30, 2018 to \$3,585,002 at June 30, 2019, a 19.30% decrease from the prior year.
- The decrease in General Fund revenues was primarily attributable to a decrease in local source revenues received in fiscal year 2019 while the increase in expenditures was due in part to increased spending in the instruction functional area compared to the prior year.
- The District's total net position increased from \$21,208,264 at June 30, 2018 to \$22,655,211 at June 30, 2019. Total revenues increased from \$27,605,951 in fiscal year 2018 to \$28,545,652 in fiscal year 2019, a 3.40% increase, while total expenses increased from \$\$26,769,286 in fiscal year 2018 to \$27,098,705 in fiscal year 2019, a 1.23% increase compared to the prior year. The significant increase in revenues is mainly due to an increase in property tax, statewide sales, services and use tax and unrestricted state grant. The increase in expenses is due primarily to an increase in instruction and other expenses incurred during the year.

#### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Glenwood Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental and business type activities were financed in the short term as well as what remains for future spending. Fund financial statements report Glenwood Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Glenwood Community School District acts solely as an agent or custodian for the benefit of those outside of the District.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year, the District's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the District's Total OPEB Liability, Related Ratios and Notes

Supplementary Information provides detailed information about the nonmajor governmental funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the District.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

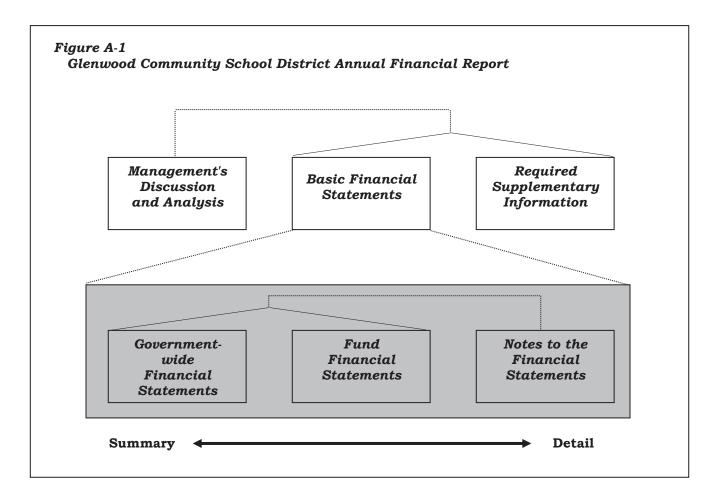

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

#### REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

#### **Government-wide Financial Statements**

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net position is an indicator of whether financial position is improving or deteriorating. To assess the

District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- Governmental activities: Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- Business type activities: The District charges fees to help cover the costs of certain services it provides. The District's school nutrition, day care, marketing and culinary class programs are included here.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has two kinds of funds:

1) Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Capital Projects Fund and Debt Service Fund.

The required financial statements for the governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

2) Proprietary funds: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District's Enterprise Funds are the School Nutrition Fund, Day Care Fund, Marketing Class Fund, and Culinary Class Fund.

The District also utilizes Internal Service Funds, one type of proprietary fund is the same as the District's governmental activities, but provides more detail and additional information such as cash flows. The District currently has two Internal Service Funds used to report activities associated with the District's partially self-funded insurance and its flex benefit plan.

The required financial statements for the proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net position at June 30, 2019 compared to June 30, 2018.

|                                  | Figure A-3 Condensed Statement of Net Position |             |           |         |             |             |         |

| Restricted                       | 7,422,223                                      | 6,022,446   | -         | -       | 7,422,223   | 6,022,446   | 23.24%  |
| Unrestricted                     | (5,079,144)                                    | (3,894,809) | 198,420   | 147,500 | (4,880,724) | (3,747,309) | -30.25% |
| Total net position               | \$ 22,272,662                                  | 20,883,534  | 382,549   | 324,730 | 22,655,211  | 21,208,264  | 6.82%   |

The District's total net position increased by \$1,446,947, or 6.82% compared to the prior year. The largest portion of the District's net position is the invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the invested in capital assets is liquidated with resources other than capital assets.

Restricted net position represents resources that are subject to external restrictions, constitutional provisions, or enabling legislation on how they can be used. The District's restricted net position increased \$1,399,777, or 23.24% from the prior year. The increase in restricted net position is primarily due to the increase in amount restricted for school infrastructures purposes compared to the prior year.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraint established by debt covenants, enabling legislation, or the legal requirement - decreased \$1,133,415 or 30.25%. The decrease in unrestricted net position was primarily a result of the increase in the District's total OPEB liability.

As of June 30, 2018, the District's governmental activities continue to have a deficit unrestricted net position due to the GASB Statement No. 68 pension reporting requirements.

Figure A-4 shows the changes in net position for the year ended June 30, 2019 compared to the year ended June 30, 2018.

| Net position end of year              | \$ 22,272,662 | 20,883,534                            | 382,549   | 324,730   | 22,655,211 | 21,208,264 | 6.82%   |  |  |

In fiscal year 2019, property tax and unrestricted state grants accounted for 76.51% of the revenue from governmental activities while charges for service and operating grants and contributions accounted for nearly all of the revenue from business type activities.

The District's total revenues were approximately \$28.54 million, of which approximately \$26.64 million was for governmental activities and approximately \$1.90 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 3.40% increase in revenues and 1.23% increase in expenses. The increase in revenues is due to the increase in property tax revenue received by the District compared to the prior year while the increase in expenses primarily due to an increase in instruction expenses incurred compared to the prior year.

**2018-19 General Fund Expenditures** 

#### **Governmental Activities**

Revenues for governmental activities were \$26,644,846 and expenses were \$25,255,718 for the year ended June 30, 2019.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses for the year ended June 30, 2019 compared to those expenses for the year ended June 30, 2018.

|                            | Figure A-7 Total and Net Cost of Governmental Activities |                    |         |            |                    |         |  |

For year ended June 30, 2019:

- The cost financed by users of the District's programs was \$1,407,800.
- Federal and state governments along with contributions from local sources subsidized certain programs with grants and contributions totaling \$1,911,313.
- The net cost of governmental activities was financed with \$8,509,715 in property tax, \$534,540 in income surtax, \$2,028,134 in statewide sales, services and use tax, \$11,877,094 in unrestricted state grants, \$259,852 in interest income, and \$116,398 in other general revenues.

#### **Business Type Activities**

Revenues of the District's business type activities were \$1,900,806 and expenses were \$1,842,987 for the year ended June 30, 2019. The District's business type activities include the School Nutrition Fund, Day Care Fund, Marketing Class Fund and Culinary Class Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements, unrestricted investment income and other general revenues.

#### INDIVIDUAL FUND ANALYSIS

As previously noted, Glenwood Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balances of \$12,539,279, below last year's ending combined fund balances of \$15,153,518. The primary reason for the decrease in combined fund balances was the decrease in fund balance of the Capital Projects: Physical Plant and Equipment Levy Fund.

#### **Governmental Fund Highlights**

- The District's General Fund financial position is the product of many factors. The General Fund balance decreased from \$4,442,140 at June 30, 2018 to \$3,585,002 at June 30, 2019. Revenues decreased primarily due to a decrease in local source revenues received while expenditures increased primarily due to an increase in instruction costs incurred during fiscal year 2019. Total expenditures outpaced total revenues resulting in a decrease in ending fund balance.
- The Capital Projects Fund balance decreased from a balance of \$9,129,627 at June 30, 2018, to \$7,448,667 at June 30, 2019. This decrease in fund balance was primarily a result of the increase in capital outlay expenditures.
- The Debt Service Fund balance increased from \$456,136 at June 30, 2018, to \$473,812 at June 30, 2019. This increase in fund balance was primarily a result of an increase in state revenues compared to the prior year.

#### **Proprietary Fund Highlights**

The School Nutrition Fund net position decreased from a net position of \$535,975 at June 30, 2018 to a net position of \$525,238 at June 30, 2019, representing a decrease of 2.00%. A decrease in local source revenues was primarily the cause of the decrease in ending net position for fiscal year 2019.

The Day Care Fund net position increased from deficit \$216,326 at June 30, 2018 to deficit \$148,060 at June 30, 2019, representing an increase of 31.56%. A decrease in staffing and operating expenses were the primary factors contributing to the increase in ending net position.

The Marketing Class Fund net position remained unchanged from \$232 at June 30, 2018 to \$232 at June 30, 2019.

The Culinary Class Fund net position increased from \$4,849 at June 30, 2018 to \$5,139 at June 30, 2019. There was relatively no change in the revenues and expenses incurred in the fiscal year.

#### **BUDGETARY HIGHLIGHTS**

Over the course of the year, Glenwood Community School District amended its budget one time to reflect the increase in expenditures associated with potential flood damage.

The District's revenues were \$94,809 less than budgeted revenues, a variance of 0.33%. The most significant variance resulted from the District receiving less in federal sources than originally anticipated.

The District's General Fund actual revenues and related instruction expenditures vary from the adopted budget because the District uses the procedure of adopting the maximum authorized budget and pertains to the General Fund of the district. The unspent balance is a budgetary concept and does not mean the "actual General Fund cash." It is imperative for users of District financial information to make this important distinction. The unspent balance is the amount of spending authority that is carried over into the next fiscal year. The unspent balance is a budgetary carryover and does not represent actual dollars (General Fund cash) or actual financial position (unassigned General Fund balance) of the District.

The School District uses a site-based budget. The budgeting systems are designed to tightly control total site budgets but provide flexibility for site management.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### **Capital Assets**

At June 30, 2019, the District had invested approximately \$36.28 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-8) This amount represents a net increase of 6.13% from last year. More detailed information about capital assets is available in Note 3 to the financial statements. Depreciation expense for the year was \$1,131,899.

The original cost of the District's capital assets was \$53,835,359. Governmental activities accounted for \$53,085,207 with the remainder of \$750,152 accounted for in the District's business-type activities.

The largest percentage change in capital asset activity during the year occurred in the construction in progress category. The District's construction in progress totaled \$149,755 at June 30, 2018 compared to \$2,875,943 at June 30, 2019. The increase in construction in progress is primarily due to the work on the activity complex during fiscal year 2019.

## R

#### ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- Union negotiated agreements for salaries and benefits cost continue to exceed the District's new money.
- The many unknowns around ACA, Collective Bargaining, and School Choice will potentially impact the District with increased costs or decreased funding.
- Due to Covid-19 in spring 2020, there could be an impact that is unknown at this time.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Kristi Buman, District Secretary/Business Manager, Glenwood Community School District, 103 Central, Suite 300, Glenwood, Iowa 51534.

## GLENWOOD COMMUNITY SCHOOL DISTRICT RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION JUNE 30, 2019

| Total fund balance | s of governmenta | l funds(page 22) |
|--------------------|------------------|------------------|
|--------------------|------------------|------------------|

\$ 12,539,279

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not report as assets in the governmental funds.

36,090,947

Internal Service Funds used by management to charge the costs of the District's self-funded health insurance and flex liabilities benefit plans to individual funds. The assets and liabilities of the Internal Service Funds are included in the governmental activities in the Statement of Net Position.

1,834,703

Accrued interest payable on long-term liabilities is not due and payable in the current year and, therefore, is not reported as a liability in the governmental funds.

(41,438)

Income surtax is not available to pay current year expenditures and, therefore, is recognized as deferred inflows of resources in the governmental funds.

512,600

Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds, as follows:

Deferred outflows of resources

\$2,867,090

Deferred inflows of resources

(686,663) 2,180,427

Long-term liabilities, including bonds and notes payable, compensated absences payable, total OPEB liability and net pension liability are not due and payable in the current year and, therefore, are not reported as liabilities in the governmental funds.

(30,843,856)

Net position of governmental activities(page 20)

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. These costs are not reported in the Statement of Activities, but they

| are allocated over the estimated useful lives of the capital assets as depreciation/amortization expense in the Statement of Activities. Capital outlay expenditures |              |             |
|--|--------------|-------------|
| and depreciation/amortization expense in the current year, are as follows:   |              |             |
| Capital outlay   | \$ 3,177,773 |             |
| Depreciation expense   | (1,088,498)  | 2,089,275   |
|  |              |             |
| Income surtax not collected for several months after year end is not considered available revenue and is recognized as deferred inflows of resources in the          |              |             |
| governmental funds.  |              | (871)       |
|  |              |             |
| The change in the Internal Service Fund is charge back against expenditures made for   |              |             |
| the self-funded health insurance and flex benefit program at an entity-wide basis. The   |              | 127.507     |
| Internal Service Fund is reported as part of the governmental activities.  |              | 137,507     |
| Repayment of long-term liabilities is an expenditure in the governmental   |              |             |
| funds, but the repayment reduces long-term liabilities in the Statement of Net Position.   |              | 2,007,000   |
|  |              |             |
| Interest on long-term debt in the Statement of Activities differs from the amount  |              |             |
| reported in the governmental funds because interest is recorded as an expenditure  |              |             |
| in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.                         |              | 11,562      |
| recognized as the interest accrues, regardless of when it is due.  |              | 11,502      |
| The current year District IPERS contributions are reported as expenditures in the  |              |             |
| governmental funds but are reported as deferred outflows of resources in the   |              |             |
| Statement of Net Position.   |              | 1,217,495   |
| District coats associated with the total ODED liebility implicit subsidy offerthe  |              |             |
| District costs associated with the total OPEB liability implicit subsidy after the measurement date, but before year end.  |              | 59,864      |
| indistribution date, our before year end.  |              | 37,004      |
| Some expenses reported in the Statement of Activities do not require the use of  |              |             |
| current financial resources and, therefore, are not reported as expenditures in the  |              |             |
| governmental funds, as follows:  | 7.125        |             |
| Compensated absences   | 7,135        |             |
| Total OPEB liability and related expenses  | (112,542)    | (1.519.465) |
| Pension expense  | (1,413,058)  | (1,518,465) |
|  |              |             |

NON-CASH INVESTING, CAPITAL AND RELATED FINANCING ACTIVITIES:

During the year ended June 30, 2019, the District received Federal commodities valued at \$96,397.

#### GLENWOOD COMMUNITY SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

#### Note 1. Summary of Significant Accounting Policies

Glenwood Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the City of Glenwood, Iowa, and the predominate agricultural territory in Pottawattamie and Mills counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Government Accounting Standards Board.

#### A. Reporting Entity

For financial reporting purposes, Glenwood Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. The Glenwood Community School District has no component units which meet the Governmental Accounting Standards Board Criteria.

<u>Jointly Governed Organizations</u> - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Pottawattamie and Mills County Assessors' Conference Board.

#### B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Position presents the District's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. Net position is reported in the following categories:

*Net investment in capital assets* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or

directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds. Combining schedules are also included for the Capital Project Fund Accounts and Internal Service Funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Debt Service Fund is used to account for property tax and other revenues to be use for the payment of interest and principal on the District's general long-term debt.

The District also reports the following nonmajor proprietary funds:

The School Nutrition Fund is used to account for the food service operations of the District. The Day Care Fund is used to account for child care services provided by the District. The Marketing and Culinary class funds are used to account for the items sold from these classes.

Additional proprietary funds reported by the District are as follows:

The Internal Service Funds are used to account for the District's flex benefit and partially self-funded insurance programs.

#### C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measureable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are

both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure toward restricted fund balance and then to less restrictive classifications - committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

### <u>D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity/Net Position</u>

The following accounting policies are followed in preparing the financial statements:

<u>Cash, Pooled Investments and Cash Equivalents</u> - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

<u>Property Tax Receivable</u> - Property taxes in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax revenue receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the Board of Education. Delinquent property taxes receivable represents unpaid taxes from the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Education is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2017 assessed property valuations; is for the tax accrual period July 1, 2018 through June 30, 2019 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2018.

<u>Due from Other Governments</u> - Due from other governments represents the amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> - Inventories are valued at cost using the first-in, first-out method for purchased items and governmental commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

<u>Capital Assets</u> - Capital assets, which include property, machinery, equipment, and intangibles acquired after July 1, 1980 are reported in the applicable governmental or business type activities columns

in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

| Asset Class                   | Amount |         |  |  |  |  |
|-------------------------------|--------|---------|--|--|--|--|
|                               |        |         |  |  |  |  |
| Land                          | \$     | 2,500   |  |  |  |  |
| Buildings                     |        | 2,500   |  |  |  |  |
| Land improvements             |        | 2,500   |  |  |  |  |
| Intangibles                   |        | 150,000 |  |  |  |  |
| Machinery and equipment:      |        |         |  |  |  |  |
| Enterprise fund equipment     |        | 500     |  |  |  |  |
| Other machinery and equipment |        | 2,500   |  |  |  |  |

Capital assets are depreciated using the straight-line method of depreciation over the following estimated useful lives:

|                         | Estimated    |
|-------------------------|--------------|
| Asset Class             | Useful Lives |
|                         |              |
| Buildings               | 50 years     |
| Land improvements       | 20 years     |
| Intangibles             | 5-12 years   |
| Machinery and equipment | 5-12 years   |

<u>Deferred Outflows of Resources</u> - Deferred outflows of resources represent a consumption of net position that applies to a future year(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense, the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the District after the measurement date but before the end of the District's reporting period.

<u>Salaries and Benefits Payable</u> - Payroll and related payroll taxes and benefits for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

<u>Compensated Absences</u> - District employees accumulate a limited amount of earned but unused vacation benefits payable to employees. Compensated absences are reported in governmental funds only if they have matured. The cost of vacation payments expected to be liquidated currently is recorded as a long-term liability on the Statement of Net Position and will be paid in the future out of the General Fund. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2019. The compensated absences liability attributable to the governmental activities will be primarily paid by the General Fund and the liability attributable to the business type activities will be primarily paid by the School Nutrition and Day Care Funds.

<u>Unearned Revenues</u> - Unearned revenues are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The lunch account balances are reflected on the Statement of Net Position in the Proprietary, School Nutrition Fund.

<u>Long-term Liabilities</u> - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

<u>Pensions</u> - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For

this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily from the General Fund.

Total OPEB Liability - For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on the District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the business type activities will be paid primarily by the Enterprise, School Nutrition and Day Care Funds.

<u>Deferred Inflows of Resources</u> - Deferred inflows of resources represent an acquisition of net position that applies to future year(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collectible within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of property tax receivable and other receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unrecognized items not yet charged to pension and OPEB expense.

<u>Fund Equity</u> - In the governmental fund financial statements, fund balances are classified as follows:

<u>Restricted</u> - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

*Unassigned* - All amounts not included in the preceding classifications.

#### E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

#### Note 2. Cash, Cash Equivalents and Pooled Investments

The District's deposits in banks at June 30, 2019 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2019, the District had investments in the Iowa Schools Joint Investment Trust Direct (ISJIT) Government Obligations Portfolio which are valued at an amortized cost of \$12,308,885 pursuant to Rule 2a-7 under the Investment Company Act of 1940. There was no limitations or restrictions on withdrawals of the ISJIT investments. The investments in ISJIT were rated by AAAm by Standard & Poor's Financial Services.

### Note 3. Capital Assets

Capital assets activity for the year ended June 30, 2019 was as follows:

|   |       | Balance          |           |           | Balance         |
|---|-------|------------------|-----------|-----------|-----------------|
|   | 1     | Beginning        |           |           | End             |
|   |       | of Year          | Increases | Decreases | of Year         |
|   |       |                  |           |           |                 |
| Governmental activities:                      |       |                  |           |           |                 |
| Capital assets not being depreciated:         |       |                  |           |           |                 |

| Total     |          |     | \$ 2,566,000      | 443,840      | 3,009,840 |            |     | \$ | 1,484,000 | 237,094      | 1,721,094 | \$ 4,050,000 | 680,934  | 4,730,934 |  |

The District pledged future statewide sales, services and use tax revenues to repay the \$5,159,000 of bonds dated February 24, 2014 and April 19, 2018. The bonds were issued for the purpose of construction of a new high school auxiliary gymnasium and locker room. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenues received by the District and are payable through 2030. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. Annual principal and interest payments on the bonds are expected to require nearly 23% of the statewide sales, services and use tax revenues. The total principal and interest remaining to be paid on the bonds is \$4,730,934. For the current year, \$327,000 of principal and \$134,661 of interest were paid on the bonds and total statewide sales, services and use tax revenues were \$2,028,134.

- a) The District makes monthly transfers to a debt sinking account held by the District's bond paying agent.
- b) Monies in the revenue account shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- c) Any monies remaining in the revenue account after the required transfer to the sinking account may be transferred to the project account to be used for any lawful purpose.

#### Capital Loan Note

Details of the District's June 30, 2019 general obligation capital loan note indebtedness are as follows:

| Year      | Capital Loan Note of April 19, 2018 |   |    |           |          |           |

| 2024      | 3.00                                |   |    | 435,000   | 69,300   | 504,300   |
| 2025-2028 | 3.00                                |   |    | 1,875,000 | 142,650  | 2,017,650 |
| Total     |                                     |   | \$ | 3,925,000 | 612,000  | 4,537,000 |

#### Note 5. Due From and Due To Other Funds

The detail of interfund receivables and payables at June 30, 2019 is as follows:

| Receivable Fund | Payable Fund     | Amount |       |
|-----------------|------------------|--------|-------|
| General         | School Nutrition | \$     | 7,925 |

The School Nutrition Fund is repaying the General Fund for salaries and benefits paid by the General Fund but not yet reimbursed from prior fiscal years.

#### **Note 6. Interfund Transfers**

The detail of interfund transfers for the year ended June 30, 2019 is as follows:

| Trans fer to | Trans fer from   | Amount          |
|--------------|--|-----------------|
| Debt Service | Capital Projects: Statewide<br>Sales, Services and Use Tax | \$<br>750,161   |
|              | Capital Projects: Property                                 |                 |
| Debt Service | Plant and equipment Levy                                   | 503,548         |
| Total        |  | \$<br>1,253,709 |

The transfer from the Capital Projects: Statewide Sales, Services and Use Tax Fund to the Debt Service Fund was for principal and interest payments on the District's revenue bond indebtedness.

The transfer from the Capital Projects: Property Plant and Equipment Levy Fund to the Debt Service Fund was for principal and interest payments on the District's Capital loan note indebtedness.

#### Note 7. Pension Plan

<u>Plan Description</u> - IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at <a href="https://www.ipers.org">www.ipers.org</a>.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general information purposes only. Refer to the plan documents for more information.

Pension Benefits - Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> - A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions - Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2019, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the District contributed 9.44% of covered payroll for a total rate of 15.73%.

The District's contributions to IPERS for the year ended June 30, 2019 were \$1,296,449.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At June 30, 2019, the District reported a liability of \$11,437,008 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2018, the District's proportion was 0.180730%, which was an increase of 0.001410% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$1,474,526. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | <br>erred Outflows<br>f Resources | Deferred Inflows of Resources |
|--|-----------------------------------|-------------------------------|
| Differences between expected and actual experience   | \$<br>62,707                      | 258,495                       |
| Changes of assumptions   | 1,631,560                         | -                             |
| Net difference between projected and actual earnings on IPERS' investments   | -                                 | 314,252                       |
| Changes in proportion and differences between<br>District contributions and the District's proportionate<br>share of contributions | -                                 | 121,337                       |
| District contributions subsequent to the measurement date  | <br>1,296,449                     |                               |
| Total  | \$<br>2,990,716                   | 694,084                       |

\$1,296,449 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended |              |    |
|------------|--------------|----|
| June 30,   | Amount       |    |
| 2020       | \$ 730,492   |    |
| 2021       | 373,279      | )  |
| 2022       | (96,361      | (  |
| 2023       | (632         | 2) |
| 2024       | (6,595       | 5) |
| Total      | \$ 1,000,183 | }  |

There were no non-employer contributing entities at IPERS.

<u>Actuarial Assumptions</u> - The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Rate of inflation (effective June 30, 2017)                   | 2.60% per annum.   |
|---|--|
| Rates of salary increase<br>(effective June 30, 2017)         | 3.25 to 16.25% average, including inflation. Rates vary by membership group. |
| Long-term investment rate of return (effective June 30, 2017) | 7.00% compounded annually, net of investment expense, including inflation.   |
| Wage growth (effective June 30, 2017)                         | 3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.     |

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2018 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class              | Asset Allocation | Long-Term Expected<br>Real Rate of Return |
|--------------------------|------------------|---|
| Domestic equity          | 22.0%            | 6.01%                                     |
| International equity     | 15.0             | 6.48                                      |
| Global smart beta equity | 3.0              | 6.23                                      |
| Core plus fixed income   | 27.0             | 1.97                                      |
| Public credit            | 3.5              | 3.93                                      |
| Public real assets       | 7.0              | 2.91                                      |
| Cash                     | 1.0              | (0.25)                                    |
| Private equity           | 11.0             | 10.81                                     |
| Private real assets      | 7.5              | 4.14                                      |
| Private credit           | 3.0              | 3.11                                      |
| Total                    | 100%             |   |

<u>Discount Rate</u> - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was

projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

|                                   | 1%            | Discount   | 1%        |
|-----------------------------------|---------------|------------|-----------|
|                                   | Decrease      | Rate       | Increase  |
|                                   | (6.00%)       | (7.00%)    | (8.00%)   |
| District's proportionate share of |               |            |           |
| the net pension liability         | \$ 19,410,901 | 11,437,008 | 4,748,097 |

<u>IPERS' Fiduciary Net Position</u> - Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at <a href="https://www.ipers.org">www.ipers.org</a>.

<u>Payables to IPERS</u> - At June 30, 2019, the District reported payables to IPERS of \$154,046 for legally required employer contributions and \$102,643 for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

#### Note 8. Other Postemployment Benefits (OPEB)

<u>Plan Description</u> - The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

OPEB Benefits - Individuals who are employed by the District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2019, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefit payments | 7   |
|--|-----|
| Active employees   | 146 |
| Total  | 153 |

<u>Total OPEB Liability</u> - The District's total OPEB liability of \$1,119,985 at June 30, 2019 was measured as of June 30, 2018, and was determined by an actuarial valuation as of that date.

<u>Actuarial Assumptions</u> - The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

| Rate of inflation (effective June 30, 2018)          | 2.75% per annum.  |
|--|---|
| Rates of salary increase (effective June 30, 2018)   | 3.25% per annum, including inflation.   |
| Discount rate (effective June 30, 2018)              | 3.62% compounded annually, including inflation.                               |
| Healthcare cost trend rate (effective June 30, 2018) | 6.80% initial rate decreasing by varying amounts to an ultimate rate of 4.40% |

<u>Discount Rate</u> - The discount rate used to measure the total OPEB liability was 3.62% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2000 annuitant generational mortality projected fully generational with scale AA, applied on gender specific basis. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience studies with dates corresponding to those listed above.

#### Changes in the Total OPEB Liability

|  | T  | Total OPEB<br>Liability |  |
|--|----|-------------------------|--|
| Total OPEB liability beginning of year | \$ | 1,047,470               |  |
| Changes for the year:                  |    |                         |  |
| Service cost                           |    | 83,253                  |  |
| Interest                               |    | 39,437                  |  |
| Changes in assumptions                 |    | (4,269)                 |  |
| Benefit payments                       |    | (45,906)                |  |
| Net changes                            |    | 72,515                  |  |
| Total OPEB liability end of year       | \$ | 1,119,985               |  |

Changes of assumptions reflect a change in the discount rate from 3.56% at June 30, 2017 to 3.62% at the June 30, 2018 measurement date used for the reporting date of June 30, 2019.

Sensitivity of the District's Total OPEB Liability to Changes in the Discount Rate - The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.62%) or 1% higher (4.62%) than the current discount rate.

|                      | 1%           | Discount  | 1%        |
|----------------------|--------------|-----------|-----------|
|                      | Decrease     | Rate      | Increase  |
|                      | (2.62%)      | (3.62%)   | (4.62%)   |
| Total OPEB liability | \$ 1,193,047 | 1,119,985 | 1,051,057 |

Sensitivity of the District's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District as what the District's total OPEB liability would be it were calculated using healthcare cost trend rates that are 1% lower (5.80%) or 1% higher (7.80%) than the current healthcare cost trend rates.

|                      |              | Healthcare |           |
|----------------------|--------------|------------|-----------|
|                      | 1%           | Cost Trend | 1%        |
|                      | Decrease     | Rate       | Increase  |
|                      | (5.80%)      | (6.80%)    | (7.80%)   |
| Total OPEB liability | \$ 1,007,024 | 1,119,985  | 1,252,721 |

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB - For the year ended June 30, 2019, the District recognized OPEB expenses of \$116,880. At June 30, 2019, the District reported deferred outflows/inflows of resources related to OPEB from the following resources:

Changes in assumptions
Contributions between measurement
date and reporting date
Total

| Deferred Outflows of Resources |        | Deferred Inflows of Resources |
|--------------------------------|--------|-------------------------------|
| \$                             | -      | 36,769                        |
|                                | 62,171 |                               |
| \$                             | 62,171 | 36,769                        |

\$62,171 reported as deferred outflows of resources related to OPEB resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2020. Other amounts reported as deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

| Year Ended<br>June 30, | Amount     |
|------------------------|------------|
| 2020                   | \$ (5,810) |
| 2021                   | (5,810)    |
| 2022                   | (5,810)    |
| 2023                   | (5,810)    |
| 2024                   | (5,810)    |
| Thereafter             | (7,719)    |
| Total                  | (36,769)   |

#### Note 9. Risk Management

The District is a member of the Iowa School Employees Benefits Association (ISEBA), an Iowa Code Chapter 28E Organization. ISEBA is a local government risk-sharing pool whose members include various schools throughout the State of Iowa. The Association was formed July 1999 for the purpose of managing and funding employee benefits. The Association provides coverage and protection in the following categories: medical, dental, and vision.

The District's contributions, which included deficit recovery assessments, to the risk pool are recorded as expenditures from its General Fund at the time of payment to the risk pool. District contributions to ISEBA for the year ended June 30, 2019 were \$1,936,620.

Members agree to continue membership in the pool for a period of not less than one full year. After such a period, a member who has given 30 days prior written notice may withdraw.

Glenwood Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### Note 10. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$859,366 for the year ended June 30, 2019 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

#### **Note 11. Construction Commitment**

The District has entered into a contract for a school infrastructure project which includes an activity complex. As of June 30, 2019, costs of \$2,875,943 had been incurred against the contract. The balances remaining on the contract at June 30, 2019 will be paid as work on the project progresses.

#### **Note 12. Tax Abatements**

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

#### Tax Abatements of Other Entities

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2019 under agreements entered into by the following entities:

| Entity           | Tax Abatement Program                           | Amount o | of Tax Abated |
|------------------|---|----------|---------------|
| City of Glenwood | Urban renewal and economic development projects | \$       | 71,104        |
| City of Glenwood | Urban revitalization                            |          | 323           |
| Mills County     | Urban renewal and economic development projects |          | 205,393       |

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2019, this reimbursement amounted to \$35,078.

#### Note 13. Categorical Funding

In accordance with Iowa Administrative Code 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

The following is a schedule of the categorical funding restricted in the General Fund at June 30, 2019.

| Program  | A  | Amount    |  |  |
|--|----|-----------|--|--|
|  |    |           |  |  |
| Weighted Limited English Proficient (LEP)          | \$ | 4,414     |  |  |
| Weighted at-risk programs                          |    | 76,762    |  |  |
| Gifted and talented programs                       |    | 263,339   |  |  |
| Returning dropouts and dropout prevention          |    | 85,063    |  |  |
| Teacher leadership state aid                       |    | 317,039   |  |  |
| Four year preschool state aid                      |    | 8,650     |  |  |
| Teacher salary supplement                          |    | 14,300    |  |  |
| Iowa early intervention block grant                |    | 142,834   |  |  |
| Successful progression for early readers           |    | 133,250   |  |  |
| Professional development for model core curriculum |    | 102,841   |  |  |
| Professional development                           |    | 170,793   |  |  |

#### Note 15. Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 84, <u>Fiduciary Activities</u>. This statement will be implemented for the fiscal year ending June 30, 2020. The revised requirements of this statement will enhance the consistency and comparability of fiduciary activity reporting by state and local governments by establishing specific criteria for identifying fiduciary activities and clarifying whether and how business-type activities should report their fiduciary activities.

#### Note 16. Subsequent Events

The COVID-19 outbreak is disrupting business across a range of industries in the United States and financial markets have experienced a significant decline. As a result, local, regional and national economies, including that of Glenwood Community School District may be adversely impacted. The extent of the financial impact of COVID-19 will depend on further developments, including the duration and spread, which are uncertain and cannot be predicted. Due to the uncertainties surrounding the outbreak, management cannot presently estimate the potential impact to the Community School District's operations and finances.

### GLENWOOD COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING YEAR ENDED JUNE 30, 2019

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment, decreasing budgeted expenditures by \$2,159,184.

### GLENWOOD COMMUNITY SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMAITON - PENSION LIABILITY YEAR ENDED JUNE 30, 2019

#### Changes of benefit terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

#### Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumption to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

#### GLENWOOD COMMUNITY SCHOOL DISTRICT SCHEDULE OF CHANGES IN THE DISTRICT'S TOTAL OPEB LIABILITY, RELATED RATIOS AND NOTES FOR THE LAST TWO YEARS REQUIRED SUPPLEMENTARY INFORMATION

|  | _  | 2019       | 2018      |
|--|----|------------|-----------|
| Service cost   | \$ | 83,253     | 86,344    |
| Interest cost  |    | 39,437     | 31,031    |
| Changes in assumptions   |    | (4,269)    | (43,602)  |
| Benefit payments   |    | (45,906)   | (5,296)   |
| Net change in total OPEB liability                               |    | 72,515     | 68,477    |
| Total OPEB liability beginning of year                           |    | 1,047,470  | 978,993   |
| Total OPEB liability end of year                                 | \$ | 1,119,985  | 1,047,470 |
| Covered-employee payroll   | \$ | 11,298,623 | 7,859,667 |
| Total OPEB liability as a percentage of covered-employee payroll |    | 9.91%      | 13.33%    |

#### Notes to Schedule of Changes in the District's Total OPEB Liability and Related Ratios

#### Changes in benefit terms:

There were no significant changes in benefit terms.

#### Changes in assumptions:

Changes in assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period.

| Reporting period ended June 30, 2019 | 3.62% |
|--------------------------------------|-------|
| Reporting period ended June 30, 2018 | 3.56% |
| Reporting period ended June 30, 2017 | 2.92% |

<sup>\* -</sup> Includes \$96,397 of non-cash awards.

Basis of Presentation - The accompanying Schedule of Expenditures of Federal Awards(Schedule) includes the federal award activity of Glenwood Community School District under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only selected portion of the operations of Glenwood Community School District, it is not intended to and does not represent the financial position, changes in financial position or cash flows of Glenwood Community School District.

Summary of Significant Accounting Policies - Expenditures reported in the Schedule are reported on the accrual or modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

<u>Indirect Cost Rate</u> - Glenwood Community School District uses a federally negotiated indirect cost rate as allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

#### To the Board of Education of Glenwood Community School District:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Glenwood Community School District as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 3, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Glenwood Community School District's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Glenwood Community School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Glenwood Community School District's internal control.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item II-A-19 to be a material weakness.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Glenwood Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Members American Institute & Iowa Society of Certified Public Accountants

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2019 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

#### **Glenwood Community School District's Responses to Findings**

Glenwood Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. Glenwood Community School District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on them.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal controls and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with <a href="Movernment Auditing Standards">Government Auditing Standards</a> in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Glenwood Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance
for Each Major Federal Program and on Internal Control over Compliance
Required by the Uniform Guidance

To the Board of Education of Glenwood Community School District:

#### Report on Compliance for Each Major Federal Program

We have audited Glenwood Community School District's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) <u>Compliance Supplement</u> that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019. Glenwood Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

#### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Glenwood Community School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Glenwood Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Glenwood Community School District's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Glenwood Community School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

#### **Report on Internal Control Over Compliance**

The management of Glenwood Community School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Glenwood Community School District's internal control over compliance with requirements with the type of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Glenwood Community School District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Glenwood Community School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item III-A-19 (2019-001), that we consider to be a material weakness.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOLTE, CORNMAN & JOHNSON, P.C.

Note Common & Sohnson &C

June 3, 2020 Newton, Iowa

#### GLENWOOD COMMUNITY SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2019

#### Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements prepared in accordance with U.S. generally accepted accounting principles.
- (b) A material weakness in internal control over financial reporting were disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) A material weakness in internal control over the major programs was disclosed by the audit of the financial statements.
- (e) An unmodified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit disclosed audit findings which were required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) Major programs were as follows:
  - Child Nutrition Cluster
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- (i) Glenwood Community School District did not qualify as a low-risk auditee.

#### Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

#### II-A-19 Segregation of Duties

<u>Criteria</u> - Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording or transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the District's financial statements.

<u>Condition</u> - We noted one individual has control over one or more of the following areas for the District:

- Cash handling and recording cash, positing, and reconciling.
- 2) <u>Receipts</u> posting and reconciling in the General and Student Activity Funds.
- 3) <u>Journal entries</u> writing, posting and approving.

<u>Cause</u> - The District has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> - Inadequate segregation of duties could adversely affect the District's ability to prevent or detect and correct misstatements, error, or misappropriations on a timely basis by employees in the normal course of performing their assigned functions.

<u>Recommendation</u> - We realize that with a limited number of office employees, segregation of duties is difficult. However, the District should review its procedures to obtain the maximum internal control possible under the circumstances utilizing current personnel, including elected officials.

<u>Response</u> - The District is aware of the importance of segregation of duties and will continue to make strides in segregation of duties and add additional steps where necessary.

Conclusion - Response accepted.

#### Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

CFDA Number 10.553: School Breakfast Program and CFDA Number 10.555: National School Lunch Program

CFDA Number 10.559: Summer Food Service Program for Children

Pass-Through Entity Identifying Number: FY19

Federal Award Year: 2019

Prior Year Finding Number: III-A-18 (2018-001)

U.S. Department of Agriculture

Passed through the Iowa Department of Education

III-A-19 Segregation of Duties - One important aspect of the internal control structure is the (2019-001) segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted one individual has control over portions of one or more of the following areas for the District relating to federal programs; cash, investments, receipts and journal entries. See finding II-A-19.

#### Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-19 <u>Certified Budget</u> District expenditures for the year ended June 30, 2019 did not exceed the certified budgeted amounts.
- IV-B-19 <u>Questionable Disbursements</u> No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- IV-C-19 <u>Travel Expense</u> No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- IV-D-19 <u>Business Transactions</u> No business transactions between the District and District officials and employees were noted.
- IV-E-19 <u>Bond Coverage</u> Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

IV-F-19 <u>Board Minutes</u> - We noted no transactions requiring Board approval which have not been approved by the Board. However, it was noted that the district did not always cite the specific exemption which allows the District to enter into closed session in accordance with Iowa code 21.5.

<u>Recommendation</u> - District should ensure that they enter into closed sessions in accordance with Iowa Code 21.5.

Response - The district has made changed to the minutes to include all necessary information.

Conclusion - Response accepted.

- IV-G-19 <u>Certified Enrollment</u> No variances in the basic enrollment data certified to the Iowa Department of Education were noted.
- IV-H-19 <u>Supplementary Weighting</u> No variances regarding the supplementary weighting certified to the Iowa Department of Education were noted.
- IV-I-19 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted. However, we noted instances of the District not receive the minimum interest rate, as set by the State Rate Setting Committee, on certificates of deposit.

Recommendation - The District should contract the appropriate bank to rectify the situation.

Response - The District contacted the financial institution and corrected the issue.

Conclusion - Response accepted.

- IV-J-19 <u>Certified Annual Report</u> The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in amounts reported.
- IV-K-19 <u>Categorical Funding</u> No instances were noted of categorical funding used to supplant rather than supplement other funds.
- IV-L-19 <u>Statewide Sales, Services and Use Tax</u> No instances of non-compliance with the allowable uses of the statewide sales and services tax revenue provided in Chapter 423F.3 of the Code of Iowa were noted.

Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales, services and use tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2019, the following information includes the amounts the District reported for the statewide sales, services and use tax revenue in the District's CAR:

| Beginning Balance                  |              | \$<br>4,805,959 |
|------------------------------------|--------------|-----------------|
| Revenues:                          |              |                 |
| Sales Tax                          | \$ 2,028,134 |                 |
| Other local                        | 93,121       | <br>2,121,255   |
|                                    |              | <br>6,927,214   |
| Expenditures/transfer out          |              |                 |
| School Infrastructure Construction | 476,315      |                 |
| Equipment                          | 48,928       |                 |
| Other                              | 13,541       |                 |
| Transfer to other funds:           |              |                 |
| Debt Service Fund                  | 750,161      | <br>1,288,945   |
|                                    |              |                 |
| Ending Balance                     |              | \$<br>5,638,269 |

For the year ended June 30, 2019 the District did not reduce the following levy as a result of the monies received under Chapter 423E or 423F of the Code of Iowa.

IV-M-19 <u>Inactive Student Activity Accounts</u> - We noted several accounts within the Student Activity Fund which do not appear to be active accounts. These include the MS Music, Debate Team, HS Gamers Club and Bowling Fundraiser. Each of these accounts has not been used in the at least three years but each is still carrying a balance at year end.

<u>Recommendation</u> - The inactive accounts should be reviewed by the District. If the District determines that these accounts are inactive and no longer in use by the District the District should determine where to reallocate the remaining balances to other accounts within the Student Activity Fund with the approval of the Board of Education.

 $\underline{\text{Response}}$  - The District is working with the Activity Director to close out any unnecessary accounts.

<u>Conclusion</u> - Response accepted.
