

## Get Ready to Read Screener

During this school year, all four year olds will be taking the Get Read to Read Screener. This screening tool will be given individually three times a year. Get Ready to Read Screener provides information about a child's early literacy skills. Families will be informed of their child's results of the screener.

The following literacy skills are assessed:

- **Print knowledge** refers to a child's understanding of books, printed letters, and words.
- **Linguistic awareness** refers to a child's understanding of how words and language works.
- **Emergent writing** refers to a child's first efforts to create and use print in a meaningful way.
