- Concession Stand
 - Square is in and working. Lots of compliments from customers, impressed
 - Sales were good at Loess Hills

- Old Business
 - Have rim for new trailer, having trouble finding rim for old trailer.

- New Business
 - Loess Hills – still have schools haven't paid Band Parents. Possibility of having paid school district directly. Haven't paid in 2019, will delete from account. Had good volunteers. Clarinda, Lewis Central, Treynor, Harlan not paid. Unsure if need to contact school district to see if they paid district directly, and if money placed in Mr. Clark's account.
 - State Marching Competition – Kara has volunteers lined up, same people as previous week to drive trailers. Needing timer for practice field. Becca to assist if needed, and Dave Walter to trade at noon if needed. Rich has volunteers signing up – have grillers in place. May be doing prep work on Thursday night again.
 - Valley Fest got 6/8 place and received trophy. Police escort upon return. Judges were impressed, need to work on balance of parts, articulation, and releases. Competed

against varsity bands, select bands from larger schools. Band Parents are very proud of the band.

- KMA select game is first Sunday in November.
- Need to pull or clean uniforms for Honor Band Students.

- Student Representative
Homecoming great from student perspective, thank you for water that was provided.
Formally apologize to Band Parents for behaviors that may have brought bad or dis-respect
Uniforms being in choir room seems to be working better, some got put away unknowingly.
Color guard preps in choir room, unsure where some went. Hats on risers, boxes leave open on chairs. Unlock dressing room for color guard.
Thank you for time and effort, even if not said it is appreciated.
Really appreciate our uniforms, super nice. Discussion of way to distinguish our Drum Majors.
